Value resorts at Walt Disney World are -

Disney's Pop Century Resort and
Disney's All Star Resorts - Music, Movies, Sports

Value resorts are an excellent way to enjoy the Disney magic and quality, without spending a lot of money. Value resorts hold a maximum of 4 per room plus an infant in a crib. There are a few value suites available at Disney's All Star Music. Submit a quote to find out that price, but it's roughly twice the price of a single room, plus a little bit more, though it includes a mini kitchen and a living area.

If you're a family that needs two rooms, that has been configured in your price. We automatically request connecting rooms for your family!

All of our agents are graduates of the College of Disney Knowledge. We've also all attended Disney's graduate program onsite at Walt Disney World, where we were able to tour every type of room and learn how to best take care of you!

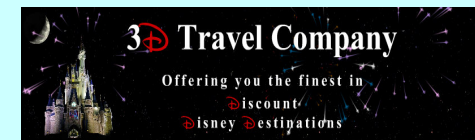

In 2009 we earned the designation of being a Disney Earmarked travel agency. Just one more step in our path to become the best group providing Disney magic out there, one family at a time!

Your package price to the left includes 7 day tickets and 6 nights in your resort! PLUS THE DISNEY DINING PLAN!

You can add park hopping to your tickets for \$50 per person. You can add waterpark fun & more options for \$50 per person.

* To quickly calculate the cost of upgrading your package to include 10 day tickets (up from 7 day) add \$9 per person.
* To calculate the cost of upgrading your Disney package with additional nights in your value resort, add \$82 per night plus taxes and fees (or about \$100 per night, per room.)

Moderate resorts at Walt Disney World are - Disney's Caribbean Beach Resort and Disney's Coronado Springs and Port Orleans Moderate resorts are a more adult oriented resort while still not spending an extreme amount of money. Moderate resorts hold a maximum of 4 per room plus an infant in a crib. There are rooms at Port Orleans Riverside that hold a 5th person in a (small!) trundle bed. Moderate resorts are sprawling, with multiple bus stops. The themes are lovely and the feature pool has a slide.

If you're a family that needs two rooms, that has been configured in your price. We automatically request connecting rooms for your family!
